DEATD FOLLOWS RAILWAY COLLISION

Central Train Plows Into West Point Special.

4 KILLED; 19 OTHERS INJURED

Engine Plowed Its Way Into Rear Car. Picnic Car Contained 60 People. Flagman Relied on Whitehall Block to Notify Central Train.

Atlanta, June 8.—In a rear end collision Wednesday night at 8 o'clock at the West Fair street crossing between the incoming Central railway passenger train, No. 15, from Macon, and a picnic train on the Atlanta and West Point railroad, which was preceding the Central train to the depot, Oscar Cook, a printer, was instantly killed, Miss Luella Lancaster was seriously injured, while several other persons, occupants of the rear coach which was telescoped by the Central locomotive, were more or less painfully injured.

The dead: Oscar Cook, of Atlanta.

The injured:

Miss Luella Lancaster, injuries to head, breast and arms, and cut in throat; J. W. Dickerson, struck by switch engine and received injuries of spine; Herbert Talley, cut about the head; Ben Strickland, bruised; Miss Mamie Heard, bruised; Miss Ivy Lancaster, feet crushed, and burned; Mamie Lancaster, bruised and burned; Miss Rosa Ham, of McDonough, Ga., internally injured; Alex Fulton, cut and bruised; W. H. Brown, fingers crushed and internal injuries; Alex Fulton, cut about feet; R. C. Cook, badly bruised; Miss Bagby, back and hips bruised; Miss Nellie Ward, at Grady hospital with broken leg; E. S. Ward, her brother, badly bruised; Mr. Oliver, at Grady hospital with painful bruises on right leg.

The following injured were reported to the Atlanta and West Point officials:

E. A. Wallace, H. K. Cleveland, Mrs. J. A. Hall. The exact injuries of these three are unknown.

Succor was at once rendered to the injured by the other passengers of the train and Chief Joyner, of the fire department, and Chief Jennings, of the police force, each of whom arrived at the scene with a detail of firemen and policemen shortly after the wreck occurred.

The Atlanta and West Point train of 16 coaches, crowded with a merry party of men, women and children who had spent the day at a picnic given by the Junior Order of United Mechanics of Atlanta, and the Daughters of America, at Pearl Springs, was on its return trip to the Atlanta terminal station, and had just cleared the Fair street crossing about 50 or 75 feet when it stopped. A moment later the Central passenger train No. 15 from Macon, due at the terminal station at 7:55 o'clock, crashed into and telescoped the rear coach of the picnic train.

The Central train, drawn by engine No. 17, with Engineer Cosby at the throttle, was moving at a speed of 35 miles an hour when it struck the rear coach of the picnic train, and so great was its momentum that the big engine plowed its way through half the length of the passenger car, as though it were made of cobwebs. This car contained about 60 people, and it is little short of a miracle that more than half of them were not killed or fatally injured.

A scene of the wildest confusion ensued, screams and moans from the injured following the crash of the engine into the car. Women fainted. The shock was felt in all sixteen cars.

Some idea of the impact of the engine with the picnic coach may be imagined when it is stated that the engine of the picnic train was uncoupled and thrown a car length ahead. The smoke stack of the Central engine rose up to the top of the passenger coach for a distance of 15 feet, and the flooring of the car, the rear platform and seats were ground into splinters.

It is said Flagman Dillard of the picnic train, a son of Conductor W. T. Dillard, who had the train in charge, relied on the Whitehall street block to notify the engineer of the Central of the presence of the picnic train. Engineer Cosby, of the Central, states that he failed to flag him.

It is said that when he saw the collision was inevitable, he yelled to Engineer Cosby, of the Central, that it was his fault. He could not be found Wednesday night.

State Official Facing Arrest.

Madison, Wis., June 8.—A warrant for the arrest of Secretary of State Walter Houser, charging attempted bribery, was issued Wednesday. The complaint is signed by State Insurance Commissioner Host. The trouble arose out of Insurance Commissioner Host's charge that Houser, in 1905, offered to give $2,500 to the Republican campaign fund if Host would render a decision favorable to the Equitable Life Assurance Society in the case involving the distribution of dividends. Mr. Host made the charge in his testimony before the insurance investigating committee which is examining the affairs of life insurance companies doing business in Wisconsin. Houser says he welcomes the proposed investigation.

Assaulted Girl of His Race.

Huntsville, Ala., June 8.—Paul McKissick, a negro, has been arrested and placed in jail on a charge of attempting a criminal assault upon a young female student of the Agricultural and Mechanical college at Normal. The girl was in the southern passenger station when the negro told her he would show her to the negro waiting room. She followed him, and he assaulted her. The screams of the girl attracted assistance, and McKissick escaped, evading capture until late Wednesday afternoon.

China Honors Foster.

Washington, June 8.—John W. Foster, formerly secretary of state, has been honored by the Chinese government with an appointment as its representative at the approaching Hague conference. There is only one other case on record where the Chinese government has delegated to a citizen of a foreign country such important diplomatic functions and that was in 1868 when Mr. Burlingame resigned his post as minister at Pekin to undertake the negotiation of a number of treaties for China.

Big Lumber Fire.

New York, June 8.—Two fires, which were in progress at the same time in the eastern section of Brooklyn, destroyed a big lumber yard with its contents belonging to Joseph M. Cohen, in Rockaway avenue, and badly damaged three double wooden tenements in Watkins street. The loss on the lumber yard is about $100,000, while that of the tenements will be $10,000. Eighteen families were burned out.

Convict Cole Makes Escape.

Valdosta, Ga., June 8.—News has reached here of the escape from the convict camps at Fargo of Ed Cole, one of the quartet of noted pickpockets which was sent up from this city a few weeks ago. It is reported that Cole made a break for liberty through the guard lines and was successful in getting away. Dogs were hastily put on his trail but he eluded them in the swamps and the search was given up after several hours.

CLOUDBURST SWEEPS PENNSYLVANIA TOWN

Portions of Johnstown, Pa., Under Water.

MANY BUILDINGS WASHED AWAY

Latrobe, Pa., Also Swept by Cloudburst, and Water Completely Inundated the Town—Marion, Kans., Is Scene of Cloudburst, Also.

Johnstown, Pa., June 8.—A cloudburst at Hooversville, Somerset county, 18 miles north of here, Thursday, caused Stony Creek to rise suddenly here and portions of the lower part of the city are under water.

At the Franklin street bridge, connecting the city with Kernville, where the creek narrows, it rose 18 feet.

The water is up to the first floor in many houses, and business in the vicinity of Franklin bridge has been suspended.

Island Park, a pleasure resort, two miles from the city, has been practically washed out of existence.

Fortunately, the flood came at a time when the park was deserted, and no lives were lost.

The only fatality resulting from the floods so far reported is the killing of an unknown man who was struck by a train while standing on the famous old stone bridge watching the high water. The damage along Stony creek is estimated at $250,000.

At Hooversville an unoccupied frame school house was swept away and a county bridge was washed from its foundations.

Thursday's flood is said to have been the worst since the Johnstown disaster of May 31, 1889.

Latrobe, Pa., June 8.—A storm assuming the proportions of a cloudburst, swept Chestnut ridge near Boggaley early Thursday.

The bridge spanning Nine Mile Run was carried away, and the debris formed a dam, the water completely inundating the town.

Clad in their night clothes the women and children were rescued on improvised rafts.

Torrents of water from the mountain threatened the destruction of the Boggaley reservoir, and the people are camping on the hills.

Topeka, Kans., June 8.—A cloudburst in Central Kansas caused the Cottonwood river to overflow its banks resulting in much damage to railway property. According to advices received at the general offices of the Santa Fe there was four feet of water in the main street at Marion, Kans.

Johnstown, Pa., June 8.—Hooversville, a town 18 miles north of here, was visited by a cloudburst Thursday and Stony Creek at this point rose to 18 feet in a short time. The low lands are inundated, but no serious damage has resulted. No fatalities are reported.

Charged with Girl's Murder.

Montgomery, Ala., June 8.—John Wade Moseley, the 24-year-old son of a prominent family of Montgomery county, is a fugitive from justice, charged with the killing of a negro girl by cutting her throat with a knife. Acting Coroner W. C. Fuller, swore out a warrant for Moseley, charging him with the killing of Lillie Jones, alias Lillie Martin, a negress, about 18 years old, on the plantation of A. S. Hayes, 5 miles southeast of Montgomery. The girl's body was found Tuesday with the throat cut from ear to ear in a swamp.

Steamships in Collision.

Portland, Me., June 8.—The Eastern Steamship company's steamers City of Bangor and City of Rockland, bound in opposite directions between Bangor and Boston with passengers were in collision off Monhegan, Thursday. The City of Bangor, which left Bangor last evening, was considerably damaged, but proceeded to this port, a distance of 40 miles. The City of Rockland was not seriously damaged and continued on her way to Bangor.

THE REPORT PLEASES WILSON.

Secretary of Agriculture Says That It Is Correct.

Washington, June 8.—The estimated cotton acreage report of the department of agriculture made public on Monday last is satisfactory to both Secretary Wilson and his assistant, Mr. Hays, according to statements made by them Wednesday.

These statements were prompted by allegations made on the floor of the house Wednesday by Representative Ellerbe, of South Carolina, that the figures of the department had been manipulated to the disadvantage of the south.

Secretary Wilson expressed entire confidence in the crop estimating board.

"I have," he said "no ground whatever to suspect the integrity of Mr. Hays or the other gentlemen composing that board."

Secretary Hays declared that any criticism of the work of the board was without foundation.

"I am very confident that the report was all right," he said. "I was very well pleased with it when the board got through making it, and I am still pleased with it. No criticism should shake my confidence in that report."

To Bombard San Jose.

New York, June 8.—A cable dispatch to a morning paper from Panama says that passengers and officers of the City of Para, Pacific Mail, which reached this port Wednesday, says that while at Corinto the American ship Empire, flying the American flag, with officers and crew, and of 500 tons register, was taking on coal with the knowledge of the Nicaraguan government and left that port on June 2 to bombard San Jose, Guatemala. There were 3,000 army rifles and 1,500 rounds of ammunition aboard, and the ship had machine guns aboard. The revolutionists aboard were under the command of General Castillo. The bombardment was expected to take place Tuesday or Wednesday.

Young Man Attempts Suicide.

Atlanta, June 8.—Despondent because of ill health, Cecil A. Oates, of McRae, Ga., Thursday morning at 10 o'clock shot himself through the lungs with a 32 caliber pistol, and is now at the point of death in his room at the Tabernacle infirmary, where the shooting occurred. The shot was fired with suicidal intent, as indicated by two notes left by the young man—one to the officers of the hospital, the other to Dr. W. D. Upshaw, of the Golden Age. In the notes he expresses his thanks for kind treatment that has been accorded him. The young man is 21 years of age and has been suffering some time from rheumatism and neurasthenia.

Says Report Is Untrue.

Paterson, N. J., June 8.—Chief of police Simpson read the cabled report from London that information had been received in Italy from the Paterson police of another plot of the anarchists in Paterson to assassinate several crowned rulers of Europe, including the king of Italy. Chief Simpson said the report was absolutely untrue, and that as far as he could learn, the few anarchists in Paterson were not connected with any recent dynamite plot which might have been planned in his country or in Europe.

Instructed to Disregard Supoena.

New York, June 8.—When Coroner Brady attempted to go on with his inquisition into the conditions in the Pennsylvania railroad tunnel under the East river, counsel for Pearson & Son, the contractors, told him that all officers and employes of the concern had been instructed to disregard subpoenas for the inquiry. The company's accident book was also refused. The coroner said he would try to get the information he sought at the first inquest regarding a death in the tunnel that may come before him.

New Hearing Refused.

Dallas, Tex., June 8.—The state supreme court at Austin, Thursday, refused a new hearing in the city of Tyler, the Cotton Belt Railroad and finally held that the general office and machine shops for its main line shall be maintained in Tyler and perpetually restraining the road from removing the same.

JEALOUS WOMAN KILLS HER RIVAL

Mrs. Nuckolls Mrs. Black on College Campus.

BOTH HAVE LARGE FAMILIES.

Murder Occured in the Shadow of the New Memorial Chapel of Berean College—Panic Is Caused by the Shooting.

Richmond, Ky., June 8.—Mrs. Nannie Nukols, of Cartersville, shot and instantly killed Mrs. Viana Black, of Conway, at Berean college. They were attending the commencement exercises and the shooting occurred on the campus in the shadow of the new memorial chapel.

Jealousy is said to have been the cause. Mrs. Nuckols was arrested.

The shooting caused a panic among the ten thousand people in attendance and several were badly injured. Both women have large families.

Caldwell Was Acquitted.

Knoxville, Tenn., June 8.—Captain W. B. Caldwell, who was a conductor on one of the two Southern railway passenger trains which collided near New Market, Tenn., on September 24, 1904, resulting in more than sixty deaths, has been acquitted of the charge of criminal negligence. He was prosecuted by Judge C. W. Heiskell, of Memphis, who lost a son in the wreck. A second case against Captain Caldwell making a similar charge, was nolle prossed. The large crowd in the court room at Jefferson City, Tenn., loudly applauded the verdict.

Passed Counterfeit.

Columbus, Ga., June 8.—Mary Cunningham, a negro woman, 25 years old, who is a laundress worker, was Wednesday bound over by United States Commissioner Brown on the charge of passing counterfeit dollars. Many bogus dollars have been passed in Columbus during the past few months, and there has been much speculation as to where the money came from. Fully a dozen merchants identified Mary Cunningham as the person who had passed or tried to pass counterfeit money on them.

Heat Causes Death in New York.

New York, June 8.—One death and several prostrations were reported from heat Wednesday. Government records showed a maximum temperature of only 83 in the upper regions, yet sidewalk temperatures indicated a maximum of 93. Although it was not the hottest day in the year, it was attended with more distress on account of the humidity. The rain at nightfall tempered the air considerably, although by 9 o'clock a temperature of 76 degrees was registered.

Man Murdered; Store Burned.

Lynchburg, Va., June 8.—John A. Grubb, postmaster and merchant at Acreton, Va., 50 miles east of here, was murdered by unknown persons, and his store was burned afterwards. The remains of the merchant show unmistakable evidences that he had been killed by a blow on the head before the building was fired. Robbery was evidently the motive. Several suspects have been arrested, and bloodhounds were put on the trail. Grubb was a union veteran, but had lived at Acreton for many years.

Ice Plant Destroyed by Fire.

Louisville, Ky., June 8.—A special from Hopkinsville, Ky., says that a fire originating in Wheeler's warehouse, has destroyed the Consumers' ice plant, and several residence, and is apparently beyond control. A high wind was blowing at time of fire.

Washington, June 8.—The engagement of Senator W. Murray Crane, of Massachusetts, and Miss Josephine P. Boardman, of this city, is announced.

Spanish Premier and Cabinet Resign.

Madrid, June 8.—Premier Moret on Thursday presented to the king the resignation of the entire cabinet.

INTERESTING NOTES FROM STATE CAPITAL

Action of Board in Pardoning Walter Taylor Endorsed.

GUBERNATORIAL POSSIBILITIES

Tom McBeath Nominated the "Ocala Editor"—The Governor's Daughters. Prohibition, As Enforced in Leon County, Is a Failure.

Tallahassee, June 8.—Seldom has any official act of the administration met with more hearty approval than the recent action of the State Board of Pardons in granting a pardon to Walter L. Taylor has been given.

At the time Mr. Taylor was convicted and sentenced to serve five years in the State prison for his murderous assault upon Mr. Lamar, there were many who felt that the sentence imposed by Judge Malone was exceedingly severe. It must, however, be remembered in this connection that Mr. Lamar was a State official and that the attack was made in his office where he was discharging his duties as Attorney-General. Aside from every other consideration, Judge Malone must have felt that it was necessary to insure the State officials from such attacks by making an example of Mr. Taylor.

On account of the entire matter growing out of factional politics, and alleged election frauds, it has been the subject of violent partisan action. After the case was appealed to the Supreme Court, and that body judicially affirmed the decree of the circuit court, Mr. Taylor's friends made an effort to secure a pardon. The ladies of Tallahassee circulated a petition and went before the board in a body in his behalf. Their appeal had a sensational denouement. Judge Liddon of Marianna, who was Prosecuting Attorney when Taylor was convicted, was present, and when the ladies had concluded their addresses he rose and made an argument against the pardon. The ladies openly expressed their indignation and left in a body. The next day Mr. Taylor began serving his sentence. It is understood that although Mr. Lamar would not, at the time the petition was circulated, join in the effort, in fact declined to do so, that it is largely due to his recent efforts that Mr. Taylor has been pardoned, feeling that as his majority in the recent primary was a full vindication of his course he could well afford to be generous.

"Pleasant it is for the Little Tin Gods when great Jove nods;
But Little Tin Gods make their little mistakes
In missing the hour when great Jove wakes."

Kipling says that it is a mistake to meddle with questions of State in a land where men are highly paid to work them out for you. I was going to say something about the little scrap we had down at Ocala at the Press Association last week over the Carter resolution on the State printing, but I ran across that bit of wisdom from the East set out in one of his "Plain Tales From the Hills," and will desist.

At Ocala Mr. McBeath nominated Frank Harris, the veteran editor of The Banner, for Governor. Naming the next Governor is a favorite pastime about now with the brethren of the press, and the following list of possibilities is going the rounds: Park Trammell of Lakeland, President of the last Senate; Albert W. Gilchrist of Punta Gorda, Speaker of the House of 1905; E. S. Crill of Palatka, formerly State Treasurer; R. Hudson Burr of Dade, at present a member of the Railroad Commission; N. A. Blitch, member-elect of the Railroad Commission; Jefferson B. Browne, who will retire from the Commission next January; J. N. C. Stockton of Jacksonville, T. A. Jennings of Pensacola, W. J. Tucker of Ft. Pierce, Frank Adams of Jasper, Cromwell Gibbons of Jacksonville, Attorney-General Ellis, James E. Broome of Gadsden, and Arthur Williams of Fernandina. From the list might be eliminated Trammell, Blitch, Gibbons, Tucker, Broome and Williams. Frank Adams says he wouldn't have it, but he may change his mind in two years. Mr. Stocktons ambition is to go to the United States Senate. We used to call Cromwell Gibbons "Governor" during the Legislature just to see him smile and make dimples, but he will hardly be seriously considered. There is no doubt that General Gilchrist expects to make the race, or that gubernatorial bees are buzzing around the others, but as any announcement so far in advance would be highly improper, it is only fair to say that none of the men with gubernatorial aspirations are responsible for what the papers say on the subject.

Governor Broward continues to make speeches with unabated energy. Last week he spoke at the laying of the corner-stone of the new court house at Bronson, and this week is down in Pasco county making speeches. Mrs. Broward and her seven handsome daughters will go to Fort George, to spend three months at their summer home, this week. The Broward children are a perfect picture, from Dorcas, the eldest, who is a strikingly handsome girl of seventeen, with dark hair and eyes, and who makes you think of Indian princesses, to the baby Florida, a small feminine fac-simile of the Governor. A healthier or more attractive group could not be found.

After a two-years' test of prohibition in Leon county, it must be admitted that prohibition has not prohibited. Whether the existing conditions are better than the open saloons, or not, is open to debate. One fact cannot be contradicted—although officially dry, Leon county is exceedingly wet. Special emphasis was given to this fact by the grand jury in its presentment last week: "We have, in a most painstaking manner, gone over all the cases presented to us for consideration. We note that a majority of the cases presented to us for consideration are for the illegal sale of liquor in our community. All of the testimony clearly proves that a great deal of whiskey is being sold in our midst. In fact, there seems to be no difficulty for anyone wishing to purchase liquor finding someone willing to sell it. The evidence goes to show, that while several white men are violators of the law, the great majority of the violators of the law are negroes, and from the manner in which this traffic is carried on, we might say that there are a number of 'perambulating blind tigers' on the streets of our city. Our sheriff and his deputies have been zealous in searching out the offenders, but he cannot arrest without sufficient and direct evidence of an actual sale, which is exceedingly difficult to obtain. We beg to submit the above to impress the necessity of strictly enforcing the law, otherwise the morals of our community will suffer serious harm rather than good from the closing of the open saloons. The law as now enforced, and as it must be enforced, may well lead to much false swearing and bribery, and a person having malice against another can, with little difficulty, prove him a malefactor and violator of the law. The ease with which liquor can be obtained points to a great danger that threatens our boys just reaching manhood. They have only to purchase the liquor and retire to some secret place and drink, and before their parents are aware of their danger, habits of a lifetime have been acquired."

Of the ten indictments returned by the grand jury for the illegal sale of whiskey in the county eight were convicted, one resulted in a mistrial and one was acquitted. Judge Malone imposed sentences of a fine of one thousand dollars or six months in jail in each case. One man paid his fine; the others will serve the jail sentence. The severity of the sentences met with unqualified approval, but unfortunately six months in jail is not regarded with much awe by the average negro. Prohibition as applied in Leon county, is a failure.

WILL CELEBRATE FOURTH.

People of East End Will Celebrate Nation's Birthday in Proper Manner.

The good people of the East End propose to demonstrate their loyalty to the American flag and American independence on the Fourth of July in a substantial manner. This demonstration will not be confined to one particular section, but will be general. The patriotic citizens of the Townsend section have agreed to hold a big basket dinner and celebration at what is known as the "middle lane," a beautiful spot near the Townsend home, on the national holiday. There are plenty of fine shade trees, plenty of good water, and altogether the ground is an ideal one for picnic purposes.

There will be speeches, games and other amusements, and a cordial welcome is extended to the public. Don't forget to come—and bring a well-filled basket.

In Mayor's Court.

George Williams "flung a brick" at Ed Cunningham on Thursday night, striking Ed in the head and inflicting a painful wound.

Ed was not too seriously hurt, however, to come to the city and have a warrant sworn out for Williams, who was arrested and arraigned before Mayor Thomas on Friday morning.

After hearing all evidence, Mayor Thomas decided that Williams was guilty, and assessed him $2.50 and costs. "I will let you off light this time," remarked the mayor. "Fighting is one of the most serious charges coming before this municipal tribunal, and I have the authority, as mayor, to fine you heavily; but it might have been that this assault was provoked, and I will give you, as a defendant, the benefit of this doubt. You will pay the marshal $2.50 and the costs of this prosecution, and in default you must spend thirty days in assisting the 'gang' in paving the streets." Williams had the price and paid out.

UNDERGROUND WIRES FOR WESTERN UNION

Construction Gang Will Run Every Wire Through Cable.

BUSINESS DEMANDS CHANGE

Gainesville, While Sixth in Population, Ranks Among the First in Business of the Western Union, and Facilities Had to be Extended.

The Western Union Telegraph Company is not as slow as it sometimes seems, if one is to judge by the progress of the average messenger boy. The Western Union is up-to-date in its ideas, and one of the greatest compliments that could have been paid Gainesville is the fact that the company has decided to place all wires within the city underground, making a cable.

This system is used only in the large cities, where it is said that business runs into hundreds of dollars every day. The business of the Gainesville office, with this fact before the people, must amount to something "worth mentioning."

The Western Union has its force to work now. The cable will be run from the corner of West Main and Mechanic streets, and every wire above ground will be "buried," so that there can be no trouble or no accidents in the work.

This will afford a great improvement in the service, and after the work is done there will be no reason for posting notices that the company will not be responsible for the prompt transmission of messages to any point.

As little as might be thought, it is understood that Gainesville, which is in population about the sixth in the State, transmits in proportion the largest number of messages, which demanded this improvement. The telegraphic work from this city is recognized by the management as being profitable and important, and arrangement is being made to take care of it.

MRS. BARTLESON ILL.

Is Very Low at Her Home in Micanopy, and Not Expected to Live.

Telegraphic information was received in this city Friday announcing the serious illness of Mrs. Mamie Bartleson, widow of Mark D. Bartleson, at her home in Micanopy. The message stated that Mrs. Bartleson was extremely ill, and her life was feared for.

Mrs. Bartleson was born and reared in Micanopy, and has many friends in this county who will regret very much to learn of her illness, and who will hope for her recovery. She is a lady possessed of a most gentle disposition, and one who has the faculty of making friends and keeping them.

Mrs. Bartleson is a niece of S. J. Burnett and L. A. Jernigan of this city.

NO MAN IS STRONGER THAN HIS STOMACH.

Let the greatest athlete have dyspepsia and his muscles would soon fail. Physical strength is derived from food. If a man has insufficient food he loses strength. If he has no food he dies. Food is converted into nutrition through the stomach and bowels. It depends on the strength of the stomach to what extent food is digested and assimilated. People can die of starvation who have abundant food to eat, when the stomach and its associate organs of digestion and nutrition do not perform their duty. Thus the stomach is really the vital organ of the body. If the stomach is "weak" the body will be weak also, because it is upon the stomach the body relies for its strength. And as the body, considered as a whole, is made up of its several members and organs, so the weakness of the body as a consequence of "weak" stomach will be distributed among the organs which compose the body. If the body is weak because it is ill-nourished that physical weakness will be found in all the organs—heart, liver, kidneys, etc. The liver will be torpid and inactive, giving rise to biliousness, loss of appetite, weak nerves, feeble or irregular action of heart, palpitation, dizziness, headache, backache and kindred disturbances and weaknesses.

Mr. Louis Pare, of Quebec, writes: "For years after my health began to fail, my head grew dizzy, eyes pained me, and my stomach was sore all the time, while everything I would eat would seem to lie heavy like lead on my stomach. The doctors claimed that it was sympathetic trouble due to dyspepsia, and prescribed for me, and although I took their powders regularly yet I felt no better. My wife advised me to try Dr. Pierce's Golden Medical Discovery—and stop taking the doctor's medicine. She bought me a bottle and we soon found that I began to improve, so I kept up the treatment. I took on flesh, my stomach became normal, the digestive organs worked perfectly and I soon began to look like a different person. I can never cease to be grateful for what your medicine has done for me and I certainly give it highest praise."

Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good."

To gain knowledge of your own body—in sickness and health—send for the People's Common Sense Medical Adviser. A book of 1008 pages. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

PARHAM WILL RETURN.

Chief Clerk to Superintendent Ford Will Resume Work Here.

While the friends of Chas. W. Parham, chief clerk to Division Superintendent H. A. Ford of the Atlantic Coast Line in Jacksonville, will extend regrets to Mr. Ford in losing such a competent man, they will nevertheless be glad to learn that he has decided to return to Gainesville, where he will be employed as a dispatcher in the office of the Atlantic Coast Line.

Mr. Parham has a great deal of confidence in the future of Gainesville. He is well known here, where both himself and his family have many friends. He was tendered the position as chief clerk to Mr. Ford, who insisted upon his going, but accepted it with the understanding that he did not appreciate leaving Gainesville, and that he could return here at any time.

"I have a great deal of confidence in Gainesville, and Gainesville's future," remarked Mr. Parham to a Sun man in Jacksonville a day or two ago. "I believe that Gainesville is the cleanest town from a moral standpoint in the State, and there is no doubt but that it is the Athens of Florida. I have a son to educate, and I propose to give that boy the 'best there is' in this direction. It is my duty to return to Gainesville on this account, if for nothing else."

The friends of Mr. and Mrs. Parham will be delighted at his return, as it will not necessitate the removal to Jacksonville.

THE FOURTH AT WINDSOR.

People of That Patriotic Town Will Celebrate This Occasion.

Not contented with the slow "drag" of some other sections the patriotic citizens of Windsor have decided to celebrate the Nation's birthday—the Fourth of July in true American style, and have accordingly arranged for a big time on that date.

The Fourth will be observed by a big picnic and dinner. The grounds are located in a shady grove on East King street, where big tables will be erected, and where the ceremonies will be pulled off. There will be prominent speakers who will talk on patriotic lines and altogether the day will be passed in a most enjoyable manner.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

NEWBERRY HAPPENINGS.

Building Is Progressing in That Lively Town—Personal Notes.

Newberry, June 8.—Work is progressing nicely on the brick block being erected by H. A. Parker. Contractor C. C. Wetherington has a large force of hands and is pushing the work.

The Ruff Drug Company's handsome concrete building has been completed, and is being occupied by them. Ira J. Carter has occupied one of the stores.

Mrs. C. C. Wetherington of Worthington Springs spent a few days here this week.

E. T. Henderson spent Tuesday in Gainesville.

Little Miss Rena Partin has returned from a visit to Live Oak.

Mrs. C. D. May leaves next week for Tennessee, where she will spend the summer.

T. W. Harrod spent several days at Perry last week.

C. D. May and O. S. Zipper spent Thursday at Clark.

C. D. McGregor is suffering with a severe attack of the gout.

Mrs. W. W. Silas of Dutton was in the city Tuesday.

The young people enjoyed a dance at the home of Mr. and Mrs. C. D. May Tuesday night.

Miss Ada Pearce has been spending some time in Jacksonville with friends.

On account of the numerous buildings going up, a good deal of moving around has been done. A. Avriett is occupying the store next door to C. D. May; Tucker & Rowland are occupying the building vacated by Ira J. Carter; A. A. Burke and the Bank of Newberry are occupying the building vacated by the Ruff Drug Co.

T. W. Harrod & Co. recently sold their bakery to M. A. Densler & Son, who are making quite a success of the business.

Death From Lockjaw

Never follows an injury dressed with Bucklen's Arnica Salve. Its antiseptic and healing properties prevent blood poisoning. Chas. Oswald, merchant, Rensselaersville, N. Y., writes: "It cured Seth Burch, of this place, of the ugliest sore on his neck. I ever saw." Cures cuts, wounds, burns and sores. 25c at all drug stores.

Judge Hargis Indicted.

Jackson, Ky., June 8.—The Breathitt grand jury returned an indictment against Judge James Hargis, former county judge, who was assassinated nearly three years ago here on the streets, by being shot to death with a shotgun. He was a kinsman of James Cockrill, of whose alleged murder Hargis is also under indictment in the circuit court at Lexington.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

AN OPEN LETTER.

Gainesville, Fla., June 8, 1906.

Editor Gainesville Elevator: In your issue of the 7th inst. you express "regret" at my signing the bail bond of William Thomas, indicted by the grand jury on the charge of offering a bribe to a grand juror. You are at liberty to "regret" that matter to your heart's content, but I wish to say that I have no regret whatever, and can assure you that I did not act "thoughtlessly," but, on the contrary, signed the bond after mature deliberation, and would have done so before the primary just as readily as I did after my nomination.

He is a poor friend, indeed, who will not befriend his friend in need, and the Thomases of the West End have always been my friends, both personally, politically and in business affairs.

Furthermore, the mere indictment by a grand jury, where only the State's evidence is heard, is not a conviction, and the accused, in the sight of the law, is presumed innocent until the evidence of both sides is submitted to a petit jury, in open court, and a verdict rendered according thereto.

Respectfully,
H. H. McCREARY.

THE FARMER BOYS.

We are not given to boasting, but we are proud of the farmer boys of this vicinity. They are, with rare exceptions, a healthy, intelligent and happy class of young men. We feel like taking our hat clear off when we meet them upon our streets, and no class is more welcomed to our office. Too many boys leave the farm where they would have made substantial and good citizens, and go to the city where only one in a thousand succeed in life's battle. There are farmers who fairly drive their boys away. There is is no excuse for this. The farmer boy is entitled to his vacations, to several relaxations, his visits to the city, good books, magazines and his home paper. To the observing one it is plain to be seen that the old farm is the best place in the world for the average young man and never fails to bring a happier and more useful life than the city. Young men, you who till the soil and earn your bread by the sweat of your brow, we are proud of you; our latchstring is always out to you and you will always have a friend in this paper. Come and see us and give us the news from your neighborhood.

The moral standard of the Republicans of Connecticut must be at a very low ebb, or they would protest against the admitted corruption of United States Senator Bulkeley, who paid out of the trust funds of the Life Insurance Company, of which he is president, $5,000 to the Republican National Committee. He not only justified this contribution of other people's money, but added that "the party having the most money would win." It will be well for those holding policies in the Aetna Life Insurance Company to keep their eyes peeled, for with such ideas held by the principal officer he might at some future political election, when he is in a tight place, make a similar disposition of all the surplus cash, and the policy holders would find themselves with nothing but experience to draw upon.

If it keeps up at the present rate W. J. Bryan will be unanimously nominated for President by the Democrats in 1908. The Democratic conventions of Arkansas and South Dakota are the latest to endorse his candidacy.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists, Price, 75c per bottle.

Take Hall's Family Pills for constipation.

We all admit that telephones are a great convenience, yet they occasionally make a man feel like breaking the third commandment. Some times on a busy day, when work is rushing and your 'phone rings twenty-eight times and only two rings are of any importance, the other twenty-six being calls from some one wanting to speak to your help, the inquiry being, "Is Miss —— in?" This takes two from their work twenty-six times, and some one has to pay for all that lost time in addition to the annoyance. It doesn't look just right, now does it? During working hours, 'phones in business houses, at least, should be used for business only.

When the whole truth is known about the corruption of the Pennsylvania and other railroads the grafting of the life insurance officials will sink into insignificance in comparison. How much the railroads have contributed to Republican campaign funds in cash and how much in transportation for speakers and "workers" will probably never be known in its entirety, but an investigation by a Democratic Congress will make mighty interesting reading and open the people's eyes to corporation corruption.

The war of words between Clark Howell and Hoke Smith for the Governorship of Georgia goes merrily on, while about half a dozen other candidates are observing the old injunction: "Say nothing and saw wood." FARMS DEVASTATED BY STORM.

It Is Reported that Several Persons Were Killed and Many Injured.

North Branch, Minn., June 8.—A tornado passed about one half a mile to the east of here at 5 o'clock Wednesday afternoon doing heavy damage and probably a number of lives were lost. No details have yet arrived from the country, but the storm is known to have destroyed at least three farm houses near town. Mrs. Mygram and Benjamin Lagoo were badly injured.

Physicians were hurried up the path of the storm and it is reported several persons have been killed and many injured. The village of Wyoming was also in the path of the storm and the home of Mr. Funk at that place was destroyed.

The members of the family were injured.

At the village of Stacy, 8 miles south of here, the following damage is reported:

G. B. Baxter, residence and barn gone; Mrs. Baxter severely injured; one child had its leg broken; Swedish Lutheran church destroyed; Olaf Anderson's barn gone.

Suppose Child Was Kidnapped.

Boonsville, June 8.—The conductor of the Missouri, Kansas and Texas Flyer left a 5-year-old boy with the station agent here, the boy having been placed in the care of the conductor by a man a San Antonio, Tex., with instructions to put him off at Boonville, where relatives would meet him. The youngster gave his name as Willis Farris. No relatives have appeared. The boy is well dressed and has a suit case with plenty of fine clothing. He said his father's name is William Carstead. He talks of living in New York with "Aunt Lizzie." He tells of servants and electric lights and his prattle indicates that he lived in a home of wealth. The supposition here is that the child was kidnaped in New York and when closely followed, the little fellow was sent to Booneville to get him out of the way. Every label and mark whereby he could be identified or his home ascertained, has been removed from his clothes.

H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at all druggists. Price 50c and $1. Trial bottle free.

Lockout In San Francisco.

San Francisco, June 8.—The United States Shipping and Transportation company Wednesday threw down the gauntlet to the Sailors' union, and through that organization to the Waterfront Federation, by ordering a lockout of all the members of the federation. This has brought about a complete cessation of work on the waterfront.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country more dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys become clogged and the blood with all its vital organs, causing diabetes, or the kidneys themselves decay and waste away, or Bright's disease. Backache, headache, nervousness, rheumatism, trouble almost always result from derangement of the kidneys, and should be attended to quickly. Kidney disease is the most distressing and fatal disease of the kidneys. If you are feeling badly you can make no mistake by taking Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. Its wonderful curative power is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and is sold by druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

JAP COLONIES THRIVE IN TEXAS

More of the Mikado's Subjects Invited to Come.

Washington, June 7.—The success of the plan of colonizing the Japanese in Texas was brought to the attention of the bureau of immigration by Representative Slayden of that state, in a letter received from one of his constituents engaged in extensive business operations in San Antonio and referred to the bureau of immigration. The writer speaks of the natural qualifications of the Japanese and horticulturists and of the efforts now under way to import to this country a considerable number to engage in that industry.

Those now located in Texas at Mitchell lake have shown such aptitude as to encourage the belief that their migration from California has been productive of good. Realizing the difficulties which might be encountered through a misapprehension of the government officials that the prospective additions from Japan to the Texas colony were simply a means of evading the contract labor law, the matter has been put before the state department and bureau of immigration with the view to establishing the bona fide nature of the plan.

Women Talk of Home.

St. Paul, Minn., June 8.—When business was resumed Thursday by the General Federation of Women's clubs, it was apparent that the club women who, although they have for the past eight days mixed in the management of the nation, workshop, professions, the correctional institutions and the proper bringing up of babies, really had the home longing. The first session was devoted to "household economics," and he "power of initiative in home-making," and the sentiment on the program was "the heart of the American woman always rings true when home is touched upon."

Deadly Serpent Bites

Are as common in India as are stomach and liver troubles with us. For the latter, however, there is a sure remedy. Electric Bitters, the great restorative medicine, of which S. A. Brown of Bennettsville, S. C., says: "They restored my wife to perfect health, after years of suffering with dyspepsia and chronically torpid liver." Electric Bitters cure chills and fever, malaria, biliousness, lame back, kidney troubles and bladder diseases. Sold on guarantee by all druggists. Price 50c.

Wanted In Los Angeles.

New York, June 8.—Frederick P. Wilson, aged 29, was arrested here on the request of the chief of police of Los Angeles, who alleges that Wilson was a fugitive from justice. He is wanted in connection with the theft of a certificate of deposit of $12,100 issued by the Security bank of Havre, Mont., to the Title Guarantee and Trust company, of Los Angeles, of which Wilson is alleged to be a clerk. Five hundred dollars was offered for Wilson's capture. He is said to have confessed his identity.

There Are Few

People who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. Herbine will keep it in condition. W. C. Simpkins, Alba, Texas, writes: "I have used Herbine for chills and fever, and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown up people, and I recommend it. It is fine for la grippe." Sold by W. M. Johnson.

Offers All as Sacrifice to Justice.

Chicago, June 8.—In the closing hour of his trial Louis A. Goodrain offered himself, his fortune and his family as a sacrifice on the altar of justice. Should the jurors find him guilty, the self-confessed lottery man said he would not "take the severest sentence of the law," but would escape from prison by suicide. He pleaded not guilty to the charge of attempting to bribe Juror Lee O'Neil Browne.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Co.

TWO BEAUTIFUL WOMEN WHO ESCAPED SPRING CATARRH BY TAKING PE-RU-NA.

Spring Fever Is Spring Catarrh—Nothing Robs One of Strength Like Spring Catarrh.

Miss Nellie Condon.

Gained Eighteen Pounds.

Mrs. Hattie Hamilton, R. F. D. 2, Sparta, Ky., writes: "I have taken two bottles of Peruna and commenced on the third.

"I did not really need the third one, but thought it best to take another bottle.

"I have always weighed 102 pounds, but since I began taking Peruna I weigh 120 pounds for the first time in all my life, and I am now 33 years old.

"Your medicine has surely done me a great deal of good and I have recommended it to several others who have begun taking it.

"My mother, who is 76 years old, had grown so weak she could scarcely walk.

"She took two bottles of Peruna and is fleshier and is looking well."

A Spring Tonic.

ALMOST everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain, and cleanse the blood. That Peruna possesses such qualities is beyond all question.

We have on file thousands of letters which testify to the curative value of Peruna in cases of nervous depression and run down conditions of the system.

A Typical Letter.

Mrs. Rhoda Stuffletbeam, Bunch, Iowa, writes:

"For years I suffered with catarrh of the throat and bronchial tubes.

"I doctored with different physicians, but kept getting worse all the time.

"This spring I took a cold which settled on my lungs. I had such a cough I could not rest at night. My friends, and I myself thought I had consumption.

"A friend advised me to try Peruna. I bought a bottle and wrote to you for advice. Before I had taken one bottle, my cough was better so I concluded to give it further trial.

"I followed your directions as closely as possible, and thanks to you and Peruna, I am a well woman to-day."

Peruna never fails to prevent spring catarrh or nervous prostration, if taken in time.

Pe-ru-na Is a Fine Tonic For a Weary Woman.

A Letter of Praise.

Miss Nellie Condon, 4007th Avenue, Brooklyn, N. Y., writes:

"I consider Peruna the ideal spring tonic.

"For the past five years I have taken it at this time of the year and find that it enables me to endure the variable weather of the spring and the trying heat of the summer."

Peruna affords the most prompt and permanent relief in all cases of nervous prostration, caused by systemic catarrh, as verified by many cures on our records.

Mrs. Hattie Hamilton.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotics of any kind.

Peruna is perfectly harmless, if taken according to the directions on each bottle. So used, it can be taken any length of time without acquiring a drug habit.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh.

There are a multitude of homes where Peruna has been used off and on for twenty years.

Such a thing could not be possible if Peruna contained any drugs of a harmful nature.

Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, O.

Revised Formula—"For a number of years requests have come to me from a multitude of grateful friends, urging that Pe-ru-na be given a slight laxative quality. I have been experimenting with a laxative addition for quite a length of time, and now feel gratified to announce to the friends of Pe-ru-na that I have incorporated such a quality in the medicine which, in my opinion, can only enhance its well-known beneficial character. S. B. HARTMAN, M. D."

Those Beardless Angels.

The Right Rev. Richard H. Wilmer, late bishop of Alabama, was remarkable at once for his piety and his humor. When some one asked him why it was that the pictures and figures of men angels as well as female angels were represented without beards the bishop replied promptly that it seemed to be easy enough to make angels out of women, but that men could only get into heaven by a "close shave."—Richmond Times Dispatch.

A More Important Matter.

"Why," said the punctilious person, "I got a letter from the person you have been praising, and there was actually a capital in the wrong place!" "May be so," answered Mr. Cumrox. "But he never gets his capital in the wrong place in the market. And that's more important."—Washington Star.

It is not what a man earns, not the amount of his income, but the relation of his expenditures to his receipts that determines his poverty or wealth.—Rom.

MAN'S MONETARY VALUE.

What Is Man Worth In Dollars and Cents?

New York, June 8.—A special to a morning paper from Boston says:

What is a man worth in dollars and cents?

Can flesh and blood and brains be reduced to figures with the dollar sign before it?

These questions were considered at a meeting of the ophthalmology department of the American Medical association when Dr. Holte, of Portland, Me., showed a table that Americans value in money could actually be taken into consideration by his ocupation and age.

Dr. Holte confirmed the Dr. Osler theory and by a table showed that the economic value of a laboring man began to decrease after his 25th year and that the economic value of a professional man began to decrease after his fortieth year.

Dr. Holte's table rates a boy of ten years to be worth $2,691.62, at fifteen he is worth $2,633.66; at 25 he is worth $5,488.03, and from that time on his value decreases until at 70 he is worth only $17.13, and at 80 years he is a drawback o the community to the extent of $872.84.

A professional man at 25 years has an economic value of $25,898.94 and his highest value is at 40 years, when he is worth $29,344.68.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

Pleaded Guilty to Charge.

Atlanta, June 8.—Rosa Walker pleaded guilty in the city court before Judge Andy Calhoun and was sentenced to ten months on the chaingang and a fine of $100 for leading Sarah McDonough,, a 14-year old girl, into a life of shame. Judge Calhoun informed the Walker woman, who recently came here from Savannah, that at the end of her chaingang term she could make affidavit that she could not pay the fine, and it would be remitted.

Car Fell in River.

Asheville, N. C., June 8.—A train on the Knoxville division of the Southern railway was derailed Wednesday afternoon just west of Alexander on a curve, and the engine, mail, express and baggage cars left the track, the engine and express car falling into the river. The mail car was destroyed, but only one person was injured. Harley Goode, the mail agent, who sustained a laceration of the scalp.

POLITICAL ANNOUNCEMENTS

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court. Respectfully,

JOS. M. RIVERS.

To the Voters of the Eighth Judicial Circuit:

I am again a candidate for the office of State Attorney, and respectfully solicit your votes on the 12th day of June. I have earnestly endeavored to do my full duty and will discharge the duties of the office for the next three years. I have practiced law for thirty years. I was for years Solicitor of the Criminal Court of Putnam county, three years State Attorney, Eighth Circuit. My fifty years of experience and citizenship enable me to give you a better administration for a second term. I call your attention to the vote declared for State Attorney by the State Executive Committee: Calhoun 1385, Rivers 1201. Feeling and Thanking you for the splendid vote given me which places me the leading candidate in the recent primary, I am, Very truly yours,

BENJAMIN F. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I consecrate the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and if the voters of the circuit honor me with the nomination I declare them that the interests of the State and of society shall not suffer through force or negligence of mine.

THOS. W. FERGUSON.

Starke, Florida.

For County Commissioner.

At the earnest solicitation of friends over the district J. H. Cason has consented to make the race for County Commissioner for District No. 1 and his friends ask the support of all Democrats at the coming primary election.

LaCrosse, Fla., April 11, 1906.

Appreciating the ability shown by Mr. John G. Dampier in handling the funds of this county during his administration as County Commissioner, his many friends hereby announce his candidacy for re-election to this important office from District No. 1. Let all Democrats interested in a judicious expenditure of the public monies rally to his support at the approaching primary.

NOTICE OF

PRIMARY - ELECTION

—TO BE HELD IN—

Alachua County, Tuesday, June 12, 1906

—TO—

Nominate Democratic Candidates.

Notice is hereby given that at a regular meeting of the Democratic Executive Committee of Alachua county, held in the City of Gainesville on Wednesday, March 14, 1906, the following preamble and resolutions were adopted:

Whereas, The Democratic State Executive Committee has duly called a primary election to be held in Alachua county on June 12, 1906, and it is the duty of the County Democratic Executive Committee to hold said primary election in each voting precinct of the county, in accordance with the terms of said call for primary election; now, therefore, be it

Resolved, First—The Democratic County Executive Committee for Alachua county, Florida, hereby calls and provides for the holding of a Democratic primary election, to be held in conformity with the terms of the call by the State Democratic Executive Committee issued on the 24th day of February, 1906, said primary election to be held in each voting precinct of Alachua county, on the 12th day of June, 1906, in accordance with such instructions as are given by this committee to the inspectors and clerks of election of said election, agreeable to the terms of the call issued by the Democratic State Executive Committee.

Second—Each elector in the precinct qualified to vote in said primary shall have the right to vote for the following officers and positions:

One State Attorney for the Eighth Circuit.

One County Commissioner for the First District.

Third—This committee will meet in accordance with the call of the State Executive Committee on the 14th day of June, 1906, at the county court house to canvass the returns of said primary election, declare the result, and transact such other business as may come before said meeting.

The following rules shall govern the said election:

The general election law shall be observed as near as practicable as to the manner of voting.

All white Democrats who will support the nominees and who were qualified to vote in the first primary, shall be allowed to vote.

The polls shall open at 8 o'clock a. m. and close at sundown.

Immediately after closing polls the inspectors shall canvass the votes publicly and make out a correct report and certify to same, showing number of votes received by each candidate, and deliver same, together with poll lists and ballots, to the executive committeeman for that precinct, who shall bring same to Gainesville on or before June 14th, and deliver said box and papers to the chairman of the executive committee, to be canvassed by the committee.

All persons voting in this primary obligate themselves to support the nominees thereof.

No tickets shall be used except those furnished by the executive committee.

Each member of the executive committee is required to provide a polling place, and render bill to the committee.

The following persons are hereby appointed inspectors for said election, from which one of their number shall be selected as clerk of election for each polling place:

1. Waldo—G. M. DeSha, J. T. Wood, W. A. McLenna.
2. LaCrosse—L. Bailey, D. F. Conley, Alton Bales.

Among the prominent visitors to this city is Hon. Benjamin P. Calhoun of Palatka, the present State attorney for the Eighth Judicial Circuit, and a candidate for re-election. Mr. Calhoun is one of the brightest lawyers in the State, and will no doubt make a fine run in the primary on the 12th inst.

Captain Sam Tucker, who is looking after the interests of the trustees of the Wylie-Gabbitt Compay, and who is making his headquarters at McKinnon, is in the city on a breaf visit to his family. Captain Tucker states that the affairs of the defunct concern are being rapidly brought to a settlement, and that he expects in a short time to return here permanently.

Frank Shufelt of Cleveland, Ohio, is in the city. Mr. Shufelt is a plasterer and cement worker by trade, and came here to assist in constructing the granolithic sidewalks which are now being laid. He is considered an expert and his services are naturally in demand. He is well pleased with Gainesville and its people, and may decide to make his home here permanently.

R. N. Owen of Kanapaha was in the city yesterday. Mr. Owen is employed in the sawmill of T. J. Swearingen at Kanapaha, and in the discharge of his duties had the misfortune to get one of his fingers of his right hand cut off. He had the wound promptly dressed, however, and will experience no trouble, other than the loss of the finger. Friends are glad that the accident did not prove more serious.

Among the prominent visitors to this city yesterday was Prof. Cary D. Landers of DeLand, a prominent attorney of that place. Mr. Landers is an erstwhile professor of the law department of Stetson University, and is regarded as one of the best posted authorities on law in the State. He was also at one time connected in the same capacity with the University of Michigan, which is one of the leading law schools of the United States.

TEACHERS' EXAMINATION.

Closed Friday, After Three Days of Exceptionally Hard Work.

After three days of exceptionally hard work, the teachers of Alachua county and elsewhere who desire schools in this county, have finished their labors. This is a provision required by the State, and each year teachers are required to pass this examination.

The examination was a most interesting one, and comprised many difficult problems in the various branches. There were sixteen white and fourteen colored applicants. The whites were examined at the class-room of East Florida Seminary, and was conducted by Miss Shannon, while the colored applicants, who were under charge of Prof. R. B. Weeks, held their exercises at the Union Academy.

It will be several days before the grading committee will make its report.

Public Auto Line.

J. R. Fowler, feeling convinced that a public automobile would not only prove a convenience, but a financial success, has decided to make the venture.

Mr. Fowler, who owns a handsome Cadillac machine, will place the same in commission, and proposes to meet all trains. If the venture proves successful he will purchase more machines, and Gainesville will have the benefit of a fine auto service.

Hospital Association.

There will be a meeting of the Gainesville and Alachua County Hospital Association this evening at 8 o'clock, in the office of Col. W. W. Hampton. At this meeting there will be business of importance, and a full attendance is desired.
